Main skills

VueJs
Spring Boot (Java)
Docker
Gestionnaire libre de parc informatique (GLPI)
PostgreSQL

Yao-fiawomo justin ADJASSEM

Software Developer | TypeScript with VueJs | Java Spring Boot
(Spring Boot) Lomé

Summary

I am a software and user interface designer. While based on software architectures following conventional standards, I put my creative talent at the service of each other, I am quickly autonomous on new subjects thanks to my adaptive capacity. I can work within a team.
